

	4				
	<p>This course is a second foreign language course for English major students. Through four semesters this course is to help students master basic Japanese grammar systematically, and develop their comprehensive abilities in using Japanese and cross-cultural communication competence by strict basic skills training (listening, speaking, reading, writing, translating); Also, it helps to enrich the culture knowledge of students in Japanese society, and train the students' ability of logical thinking as well as their comprehension about other culture. The foreign language talents with broad visions can be cultivated for the society through the learning of this course as well.</p>
